Are you looking for a room in Leipzig? Then join RaumTeiler!

What is RaumTeiler?

RaumTeiler is a project of the Studentenwerk Leipzig that helps you to find affordable accommodation in private households. Whether short or long-term – we support you in finding exactly the housing solution that suits you.

Your housing options:

- Living for rent
- Living in exchange for support (e.g. shopping, childcare) and reduce your rent

How does RaumTeiler work?

Our project coordinator will guide you through the process, notes your wishes and puts you in touch with housing providers who are the perfect match for you.

➔ Further information and registration: stwl.de/raumteiler

Are you interested in the project and have questions? Just give us a call!
