The whole semester in motion!

MDV
Einfacher fahr'n

What is the „MDV-Vollticket“?

The MDV-Vollticket allows students from various universities and colleges in Halle, Leipzig and Merseburg to use     24/7 during the entire semester (six months).

The amount for local public transit is covered by the semester fee and student cards with the mark "MDV", a matriculation number and the semester period are valid in what used to be the entire MDV area.

First year students enrolling at the participating universities in Leipzig can use the local public transport free of charge already one month before the beginning of the semester.

Network Area

With the timetable change on **15 December 2019**, the MDV network area will expand: The regional trains in the districts of Anhalt-Bitterfeld and Wittenberg as well as in the town of Dessau-Roßlau will be integrated into the MDV network.

However, the area of validity of the MDV Vollticket has (as yet) not been extended to include MDV Nord (and the fare zone Könnern), but remains as before: Free transit for students extends to the cities Halle and Leipzig as well as these districts: Saalekreis, Burgenlandkreis, Northern Saxony, District Leipzig, Altenburger Land.

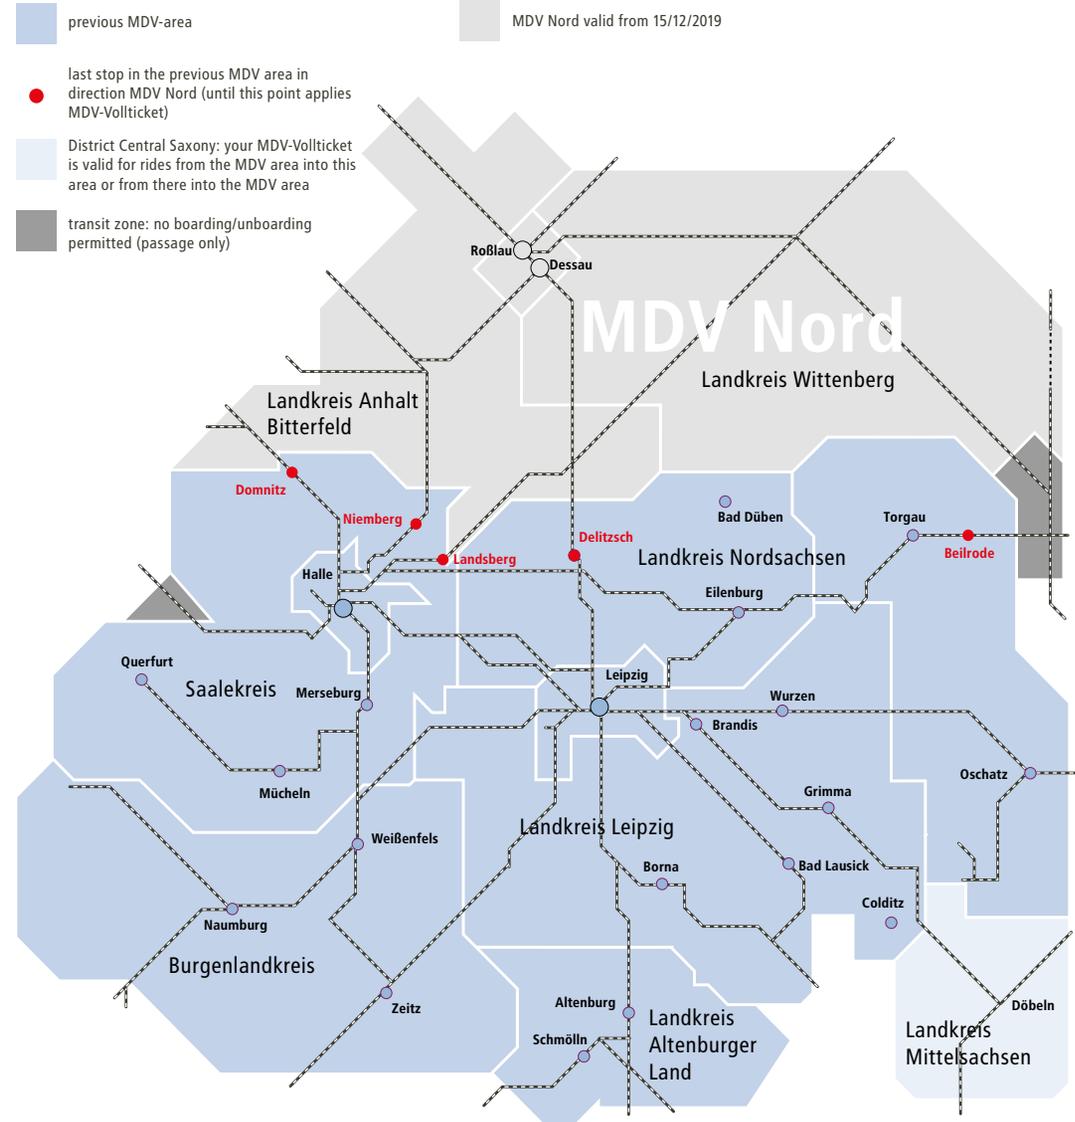

The MDV-Vollticket is valid:

-  previous MDV-area
-  last stop in the previous MDV area in direction MDV Nord (until this point applies MDV-Vollticket)
-  District Central Saxony: your MDV-Vollticket is valid for rides from the MDV area into this area or from there into the MDV area
-  transit zone: no boarding/unboarding permitted (passage only)

The MDV-Vollticket is NOT valid:

-  MDV Nord valid from 15/12/2019

 S-Bahn and train connections

At what point do I need a connecting ticket?

Starting 15 December 2019, a connecting MDV ticket must be purchased for the use of trains and S-Bahn trains in the MDV Nord area (and in fare zone Könnern).

Tickets for connecting routes must always be purchased and validated before departure. On trains with on-board tickets sales, the purchase of the ticket for connecting routes must have happened whilst still travelling within the area of validity of the MDV Vollticket.

For example:

A student of the Martin-Luther-University Halle would like to travel to Wittenberg Hbf with his MDV-Vollticket. Is this possible?

Yes, it is. Students ride on their MDV Vollticket to Landsberg (which is the last stop in the old MDV network), then validate a connecting ticket from Landsberg to Wittenberg central station in the MDV fare zone.

The connecting ticket must be bought and validated before you begin your journey!

How do I ride in the MDV Nord network area and in the Könnern fare zone until 14 Dec 2019?

Up to and including 14 December 2019, current DB AG fares apply for rides from the metropolitan areas of Halle and Leipzig as well as from the districts of Leipzig, North Saxony, the Saalekreis, the Burgenlandkreis and the Landkreis Altenburger Land to the future MDV North Region and the Könnern fare zone.
