 S-Bahn and train connections

At what point do I need a connecting ticket?

A connecting MDV ticket must be purchased for the use of trains and S-Bahn trains in the MDV Nord area (and in fare zone Könnern). Tickets for connecting routes must always be purchased and validated before departure. On trains with on-board tickets sales, the purchase of the ticket for connecting routes must have happened whilst still travelling within the area of validity of the MDV-Semesterticket.

For example:

A student of the Martin-Luther-University Halle would like to travel to Wittenberg Hbf with his MDV-Semesterticket. Is this possible?

Yes, it is. Students ride on their MDV-Semesterticket to Landsberg (which is the last stop in the MDV network), then validate a connecting ticket from Landsberg to Wittenberg central station in the MDV fare zone.

The connecting ticket must be bought and validated before you begin your journey!
